PROFILE

Senior full-stack engineer with **17+ years** shipping scalable web platforms for startups, agencies and enterprises including **PSA Group (Peugeot / Citroën)**, **Sodexo** and **Riskhub**. Core expertise pairs **PHP / Laravel** back-ends with **Vue.js / Nuxt 3** front-ends. Track record of modernising legacy codebases, designing OpenAPI-first APIs, implementing role-based access control and automating developer tooling. Toptal-vetted (top 3 % of freelance talent). Currently practising **AI-first development** — coding agents, autogenerated SDKs, contract-first specs as machine-readable interfaces, and prompt-aware code review.

PROFESSIONAL EXPERIENCE

Full-Stack Developer — *Sonin App Development*

FEB 2026 — PRESENT

Reigate, UK · Remote · Contract

- Building enterprise-grade **ISS Compliance** management platform on a Laravel API + Nuxt 3 monorepo.
- Designed and shipped **RBAC** with granular permissions across both backend and frontend layers.
- Containerised RESTful APIs via Docker; SSR-safe dynamic Nuxt 3 frontends.
- Authored a reusable component library to maintain UI consistency and accelerate delivery.

STACK Laravel · Nuxt 3 · Vue.js · TypeScript · Docker · MySQL · REST APIs

Software Engineer — *Riskhub Ltd*

NOV 2022 — SEPT 2025

London, UK · Hybrid · Full-time

- Lead developer on key product features across **Laravel**, **Vue 2 / 3**, **Nuxt** and TypeScript.
- Modernised a 10+ year-old **Zend Framework 2** codebase to Laravel without downtime.
- Designed **OpenAPI**-first APIs enabling contract-first development across teams.
- Auto-generated JavaScript and PHP SDKs from API specs — eliminating client / server contract drift.
- Hardened code quality with unit tests, Behat BDD scenarios, and API-spec validation.

STACK Laravel · Zend Framework 2 · Vue 2 / 3 · Nuxt · TypeScript · OpenAPI

Full-Stack Developer — *Aris Technologies Ltd*

APR 2022 — OCT 2023

Oxford, UK · Contract

- Developed platform features for an **eGaming and social-gaming** company, lifting player engagement.
- Conducted code reviews, fixed bugs and improved overall codebase quality and test coverage.

STACK Laravel · WordPress · Vue.js

Web Developer — *Sonin App Development*

AUG 2018 — DEC 2021

Reigate, UK · Full-time

- Delivered end-to-end web and mobile solutions for **high-profile agency clients**, from backend APIs to responsive frontends.
- Built backend systems in Laravel, integrated third-party APIs, and developed frontends in Vue.js, React and React Native.
- Managed technically demanding projects with tight deadlines, consistently meeting delivery milestones.

STACK Laravel · Vue.js · React · React Native · AngularJS · WordPress · jQuery

PHP Developer — *PSA Group · Peugeot / Citroën*

JUN 2017 — MAR 2018

Coventry, UK · On-site · Contract

- Built internal web applications at the UK corporate HQ for in-house teams and a **nationwide dealer network**.
- Led implementation of the Customer Incentive Web Application managing dealer promotional campaigns.
